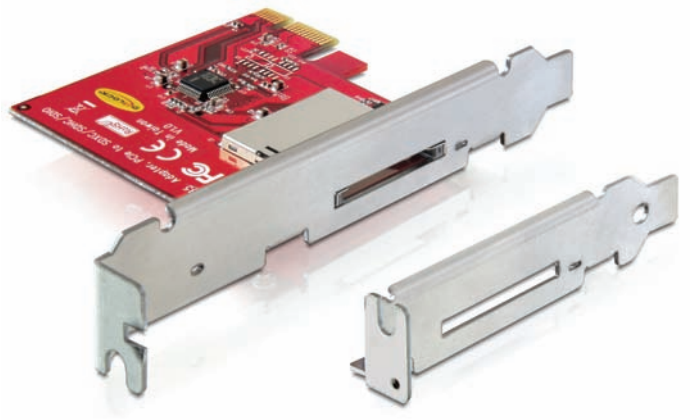
DATA SHEET

PCI Express Card Reader > 1 slot external SD / SDIO card, 1 slot internal MS card



Description

This Delock Card Reader supports SD as well as MS memory cards and reaches a high data transfer rate due to its PCI Express interface. The internal slot enables you to use MS memory cards. Externally the Card Reader provides a SD slot which enables you to use common SD memory cards and SDIO devices, e.g. GPS receiver in SD-card format.
